## Independent Auditors' Report

Board of Trustees of University of Illinois  
Illinois Public Media  
Urbana, Illinois

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Illinois Public Media (IPM), a public telecommunications entity operated by the University of Illinois (the University), as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise IPM's basic financial statements, as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of IPM, as of June 30, 2020 and 2019, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 1, the financial statements of IPM are intended to present the financial position, the changes in financial position, and cash flows of only IPM's portion of the University's financial position, the changes in financial position, and cash flows attributable to the transactions of IPM. They do not purport to, and do not, present fairly the financial position of the University as of June 30, 2020 and 2019, the changes in its financial position or its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to the matter.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information on pages 6-11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the basic financial statements as a whole. The accompanying supplementary information on pages 33-34 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 12, 2021, on our consideration of IPM's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering IPM's internal control over financial reporting and compliance.

*Ech, Schaffer + Puntke, LLP*

Springfield, Illinois  
February 12, 2021

*The following Management's Discussion and Analysis, or MD&A, provides an overview of the financial position and activities of Illinois Public Media for the year ended June 30, 2020. We encourage you to read this MD&A section in conjunction with the audited financial statements and footnotes appearing in this report.*

# Management's Discussion and Analysis

## INTRODUCTION

Illinois Public Media (WILL AM-FM-TV-Digital) is a unit of the College of Media at the University of Illinois at Urbana-Champaign - a land grant, public state institution of higher education. The stations are licensed to the Board of Trustees of the University of Illinois and are full-service PBS and NPR member stations serving viewers, listeners, and readers across a wide area of central and east central Illinois, and beyond. WILL-AM began broadcasting in 1922; WILL-FM signed on the air in 1941 with the first FM license issued to a university; and WILL-TV first went on the air in 1955. WILL-TV has a long history of serving central Illinois with local programs that tell the story of our regions' people, places, and history. Illinois Public Media employs 35 full-time equivalent employees, and the budget contains four major sources of revenue: The Corporation for Public Broadcasting, the Illinois Arts Council, the University of Illinois, and Contributions/Private Gifts.

Illinois Public Media continues to attract new audiences, especially those using multiple platforms to access content. Listeners and viewers are using Illinois Public Media's streaming services in increasing numbers - in particular, the growing number of smart speakers are helping bring the "radio" back into many new households - and our social platforms offer insight and expanded content opportunities. With the pandemic and stay-at-home measures, Illinois Public Media has used even more digital-first platforms and services to reach our audiences, e.g. Facebook Live and Zoom. The organization continues to honor and build on the foundation provided by legacy broadcast platforms and strong national content by producing multiplatform local content, collaborating with community organizations, and working with teachers and students to have an impact. Illinois Public Media also continues to emphasize its institutional value via better promotion of programming across all audience platforms, engaging audiences on social media and through formerly in-person, now virtual events, symposia, and listening sessions, and developing successful ongoing partnerships with our College, the University of Illinois, content collaborations, and other stations. Illinois Public Media's news department collaborates on public health reporting with Side Effects Public Media and is a part of Harvest Public Media, which is a collaborative network of reporters and partner stations that focuses on food systems, agriculture, and rural issues. We also continue to grow our relationships with WUIS (Springfield), WGLT (Bloomington-Normal), WNIJ (DeKalb/northern Illinois), and WCBU (Peoria) to mutually share locally created content, including Illinois Public Media's flagship talk program, *The 21<sup>st</sup>*.

In the past FY we were able to complete the upgrade to our television studio. We celebrated by producing an in-person live music program featuring country music legends from Illinois, in *Illinois Country: Live*. We will continue to use our studio to better serve many departments across the University of Illinois campus, as their video production needs are increasing, and most departments do not have robust video production infrastructure. This upgrade will also enhance our ability to collaborate on productions with other departments. We are also able to use the new studio as a classroom for students from the College of Media.

In FY 20, Illinois Public Media also produced *Illinois Country*, an hour-long documentary to compliment national content from PBS and Ken Burns. This documentary explores Illinois' role in the history of country music, from early gathering halls and small-town hoedowns, the National Barn Dance in Chicago, and Farm Aid in Champaign, to today's Illinois-bred Grammy winners. *Illinois Country* premiered on WILL-TV in March and later aired on all PBS stations across the state.

## **USING THE FINANCIAL STATEMENTS**

Illinois Public Media's financial report includes three financial statements: the Statement of Net Position; the Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows. The financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) principles, which establish standards for external financial reporting for public colleges and universities and require that financial statements be presented to focus on Illinois Public Media as a whole.

## STATEMENTS OF NET POSITION

The Statements of Net Position presents the financial position of Illinois Public Media at the end of the fiscal year and includes all assets and liabilities of Illinois Public Media using the accrual basis of accounting. General assets and liabilities are reported at cost. A summarized comparison of the Illinois Public Media's assets, liabilities and net position at June 30, 2020 and 2019 is as follows:

	<u>2020</u>	<u>2019</u>
Current Assets:		
Interest in pooled cash	\$ 9,013,498	\$ 8,743,590
Interest in pooled investments	3,123,774	3,039,742
Accounts receivable	38,604	27,773
Prepaid expenses	65,424	71,965
Noncurrent Assets:		
Interest in pooled investments	6,272,050	6,259,312
Contributions receivable and beneficial interest in charitable remainder trust	2,963,857	2,963,857
Capital assets, net	4,963,657	5,277,155
Deferred outflows of resources	<u>165,830</u>	<u>87,230</u>
Total assets and deferred outflows	<u>\$ 26,606,694</u>	<u>\$ 26,470,624</u>
Current liabilities:		
Accounts payable	\$ 137,058	\$ 58,855
Accrued salaries	62,534	39,680
Deferred revenue	1,346,365	1,059,242
Noncurrent liabilities:		
Accrued compensated absences	265,572	259,162
Loan payable	<u>2,963,857</u>	<u>2,963,857</u>
Total liabilities	4,775,386	4,380,796
Total net position	<u>21,831,308</u>	<u>22,089,828</u>
Total liabilities and net position	<u>\$ 26,606,694</u>	<u>\$ 26,470,624</u>

## STATEMENTS OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

The Statements of Revenues, Expenses and Changes in Net Position present the results of Illinois Public Media's revenue and expense activity as operating or non-operating. The following schedule summarizes Illinois Public Media's fiscal year 2020 and 2019 activity:

	<u>2020</u>	<u>2019</u>
Total operating revenues	\$ 1,515,672	\$ 1,794,390
Total operating expenses	<u>7,089,291</u>	<u>7,168,687</u>
Operating loss	(5,573,619)	(5,374,297)
Non-operating revenues (expenses):		
State appropriations	979,890	1,894,171
Contributions	3,663,040	3,127,399
Indirect administrative support	718,430	622,590
On behalf payments for fringe benefits	202,755	485,265
Net investment income	269,236	300,869
Net increase in fair value of investments	(518,252)	(146,103)
Interest expense	<u>(148,193)</u>	<u>(148,193)</u>
Net non-operating revenues	<u>5,166,906</u>	<u>6,135,998</u>
Income (loss) before other revenues	(406,713)	761,701
Capital gifts	<u>148,193</u>	<u>461,447</u>
Increase (decrease) in net position	(258,520)	1,223,148
Net position, beginning of year	<u>22,089,828</u>	<u>20,866,680</u>
Net position, end of year	<u>\$ 21,831,308</u>	<u>\$ 22,089,828</u>

## STATEMENTS OF CASH FLOWS

The Statements of Cash Flows provides information about Illinois Public Media's financial results, by reporting the major sources and uses of cash. A summary of the statement of cash flows for the years ended June 30, 2020 and 2019 is as follows:

	<u>2020</u>	<u>2019</u>
Cash flows from operating activities:		
Total operating sources	\$ 1,791,964	\$ 1,976,458
Total operating uses	<u>(5,414,200)</u>	<u>(5,243,813)</u>
Net cash flows from operating activities	(3,622,236)	(3,267,355)
Cash flows from noncapital financing activities:		
State appropriations	979,889	1,894,171
Cash received from contributors	<u>3,258,040</u>	<u>2,621,399</u>
Net cash flows from noncapital financing activities	4,237,929	4,515,570
Cash flows from capital and related financing activities		
Capital gifts	148,193	461,447
Purchase of capital assets	-	(527,990)
Interest payments on loan payable	<u>(148,193)</u>	<u>(148,193)</u>
Net cash flows from capital and related financing activities	-	(214,736)
Cash flows from investing activities:		
Earnings on cash and investments, net	269,236	300,869
Sales (purchases) of investments, net	<u>(615,021)</u>	<u>(329,766)</u>
Net cash flows from investing activities	<u>(345,785)</u>	<u>(28,897)</u>
Change in cash and cash equivalents	269,908	1,004,582
Cash and cash equivalents, beginning of year	<u>8,743,590</u>	<u>7,739,008</u>
Cash and cash equivalents, end of year	<u>\$ 9,013,498</u>	<u>\$ 8,743,590</u>

## CAPITAL ASSETS AND RELATED FINANCING ACTIVITIES

Illinois Public Media depreciates its capital assets on a straight-line basis, using estimated useful lives ranging from five to fifty years.

	<u>2020</u>	<u>2019</u>
Equipment, net	\$ 499,764	\$ 637,900
Building, net	4,267,770	4,420,059
Improvements, net	<u>196,123</u>	<u>219,196</u>
Total capital assets, net	<u>\$ 4,963,657</u>	<u>\$ 5,277,155</u>

The University of Illinois Foundation (the Foundation) loaned Illinois Public Media \$4 million as an advance on a charitable remainder trust. Illinois Public Media constructed Campbell Hall with the proceeds of the loan. Illinois Public Media pays only interest on the loan and the loan balance varies based upon the value of the charitable remainder trust.

	<u>2020</u>	<u>2019</u>
Foundation building loan	<u>\$ 2,963,857</u>	<u>\$ 2,963,857</u>

## ECONOMIC OUTLOOK

In FY21, Illinois Public Media will focus on several infrastructure projects that will prepare the organization to be compatible with the upcoming change to the new broadcast standard, ATSC 3.0. The organization will continue to work on the technological infrastructure of all our platforms. Furthermore, Illinois Public Media will hope to be hiring several new staff in the human resources, content creation, programming department, and in classical music content creation throughout the rest of FY21, increasing capacity for local content creation and support.

## CONTACTING IPM'S OFFICES OF FINANCIAL MANAGEMENT

This financial report was designed to provide our donors, listeners, and viewers with a general overview of Illinois Public Media's finances and to demonstrate the organization's accountability for the money it receives. If you have any questions about this report, please contact the Illinois Public Media Business Office at 300 N. Goodwin Avenue, Urbana, IL 61801, or via telephone at 217-300-5340.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS

June 30, 2020 and 2019

NOTE A - NATURE OF OPERATIONS

Illinois Public Media (IPM) is a public telecommunications service owned and operated by the University of Illinois at Urbana-Champaign (University). IPM is part of the University as a whole, and thus, for financial reporting purposes the financial balances and activities included in these financial statements are also included in the University's financial statements. These financial statements present only IPM, and do not purport to, and do not, present fairly the financial position of the University as of June 30, 2020 and 2019, and changes in its financial position and its cash flows, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*. IPM follows the business-type activity reporting requirements of GASB Statement No. 35 that provides a comprehensive, entity-wide perspective of IPM's financial activities.

For financial reporting purposes, IPM is considered part of the University, and thus, like the University, is a special-purpose government engaged only in business-type activities. Accordingly, IPM's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting applicable to public colleges and universities. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation to pay has been incurred.

The accounts of IPM are maintained internally in accordance with the principles of fund accounting. Under fund accounting, resources are classified for accounting and reporting purposes into funds according to specified activities or objectives.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

2. Pooled Cash and Investments

To provide for efficiencies and economies in their management, the University has pooled its cash and investments, except for certain funds that are required by bond resolution to be in separate accounts. Interest in pooled cash and investments at June 30, 2020 and 2019 represents IPM's share of these pooled accounts.

Cash deposits and cash equivalents of the University include bank accounts and investments with original maturities of ninety days or less at the time of purchase, primarily U.S. Treasury Bills.

The University's investments are reported at fair value. The fair value is determined to be the amount at which financial instruments could be exchanged in current transactions between willing partners, usually quoted at market prices. It is University policy to invest funds in a manner which will provide investment returns and security consistent with good business practices, while meeting the daily cash flow demands of the University and confirming to all statutes governing the investment of funds.

Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position.

Additional information regarding the University's deposits and investments may be obtained from the financial statements of the University.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

3. Capital Assets

Capital assets are recorded at cost at the date of acquisition or at the fair market value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Capital assets valued at \$ 5,000 or more are capitalized. The range of estimated useful lives is as follows:

Buildings and improvements	50 years
Machinery, furniture, and equipment	5-20 years

4. Net Position

IPM's net position is classified as follows:

- a. Net investment in capital assets: This represents the total investment in capital assets, net of accumulated depreciation and related debt.
- b. Restricted net position, non-expendable: Restricted non-expendable net position consists of endowments with specific restrictions requiring that the principal be invested and only the earnings be used.
- c. Restricted net position, expendable: Restricted expendable net position includes resources in which IPM is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.
- d. Unrestricted net position: Unrestricted net position represents resources that have not been restricted by external parties and are available for use by IPM.

It is IPM's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

University of Illinois

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

5. Donor-Restricted Endowments

Donor-restricted endowments are held and administered by the University of Illinois Foundation. The University of Illinois Foundation holds the funds as agency funds based upon and consistent with the desire of the donor.

The State of Illinois adopted the Uniform Prudent Managements of Institutional Funds Act (UPMIFA), effective June 30, 2009. UPMIFA added certain prudent spending measures to the Uniform Management of Institutional Funds Act. In accordance with UPMIFA, the Board of Directors of the University of Illinois Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds; general economic conditions; the possibility of inflation and deflation; the expected total return from income and the appreciation of investments; other resources of the institution; and the investment policies of the University of Illinois Foundation.

6. Revenue Recognition

IPM has classified its revenues as either operating or non-operating revenues as follows:

*Operating revenues* include activities that have the characteristics of exchange transactions, such as providing educational programs, goods and production services to the public and private sector, and include most grants and contracts.

*Non-operating revenues* include activities that have the characteristics of non-exchange transactions, and other revenue sources that are defined as non-operating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities that Use Proprietary Fund Accounting*, and GASB Statement No. 34, *Basic Financial Statement - and Management's Discussion and Analysis - for State and Local Governments*, such as state appropriations, investment income, and capital gains. Appropriations made to the University from the State of Illinois General Revenue Fund are recognized as non-operating revenues in the year appropriated to the extent expended. Other non-operating revenues include transactions relating to capital and financial activities, non-capital financing activities, and investing activities.

Grants are recorded as revenue when all applicable eligibility requirements have been met.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

7. Pledges and Contributions

IPM engages in periodic fundraising campaigns manifested by offering some special programs and on-air and mail fundraising appeals. These appeals encourage supporters, both individuals and organizations, to provide financial contributions to IPM for enhancement of program offerings and other operating expenses. Financial contributions are frequently evidenced by pledges received from responding viewers and listeners. However, uncollected pledges are not enforceable against contributors. Contributions including unconditional promises to give and membership receipts are recognized as revenue in the period received. Contributions and collected pledges from these fundraising campaigns are components of the unrestricted operating fund since their usage is not limited to specific activities of IPM.

8. Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Revenues, Expenses, and Changes in Net Position. Accordingly, certain costs have been allocated among the programs and supporting services benefited, using estimates if necessary.

9. Corporation for Public Broadcasting Community Service Grants

The Corporation for Public Broadcasting (CPB) is a private, nonprofit grant making organization responsible for funding more than 1,000 television and radio stations. CPB distributes annual Community Service Grants (CSGs) to qualifying public broadcasting entities. CSGs are used to augment the resources of public broadcasting entities and thereby to enhance the quality of programming and expand the scope of public broadcasting services. Each CSG may be expended over one or two federal fiscal years as described in the Communications Act 47, United States Code Annotated, Section 396(k)(7). In any event, each grant must be expended within two years of the initial grant authorization.

According to the Communications Act, funds may be used at the discretion of recipients for purposes relating primarily to production and acquisition of programming. Also, the grants may be used to sustain activities begun with CSGs awarded in prior years.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

9. Corporation for Public Broadcasting Community Service Grants - Continued

Certain general provisions must be satisfied in connection with application for and use of the grants to maintain eligibility and meet compliance requirements. These general provisions pertain to the use of grant funds, record keeping, audits, financial reporting, mailing lists, and licensee status with the Federal Communications Commission.

10. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of the State Universities Retirement System (SURS or the System) and additions to/deductions from SURS' plan net position has been determined on the same basis as they are reported by SURS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purposes of financial reporting, the State of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of the contributions for which the non-employer entity is legally responsible is not dependent upon one or more events unrelated to pensions or (2) the non-employer is the only entity with legal obligation to make contributions directly to a pension plan. The State of Illinois is considered a non-employer contributing entity. Participating employers are considered employer contributing entities.

11. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts or revenues and expenses during the period. Actual results could differ from those estimates.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

12. Subsequent Events

IPM assessed events that have occurred subsequent to June 30, 2020 through February 12, 2021, the date the financial statements were available to be issued, for potential recognition and disclosure in the financial statements. No events have occurred that would require adjustment to or disclosure in the financial statements.

NOTE C - INTEREST IN POOLED INVESTMENTS

Investments consist of shares of an investment pool which are held and administered by the University of Illinois Foundation. IPM's share of the investment pool is stated at fair value. Fair value is generally determined by either quoted market prices or net asset values for the University of Illinois Foundation's investments.

Changes in fair value during the reporting period are reported as a net increase (decrease) in the fair value of investments. Investment income includes interest, dividends, and realized gains and losses.

At June 30, 2020 and 2019 the fair value of IPM's share of the University of Illinois Foundation investment pool was \$ 9,395,824 and \$ 9,299,054, respectively. The investments carry donor restrictions and therefore are included in restricted, expendable net position or restricted, non-expendable net position.

Further information regarding the investments held by the University of Illinois Foundation and their fair value measurements may be obtained from the financial statements of the University.

NOTE E - STATE UNIVERSITIES RETIREMENT SYSTEM

1. General Information about the Pension Plan

*Plan Description:* The University contributes to the State University Retirement System of Illinois, a cost-sharing multiple-employer defined benefit plan with a special funding situation whereby the State makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of State universities, certain affiliated organizations, and certain other State educational and scientific agencies and for survivors, dependents and other beneficiaries of such employees. SURS is considered a component unit of the State's financial reporting entity and is included in the State's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40, of the *Illinois Compiled Statutes*. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at [www.surs.org](http://www.surs.org).

*Benefits Provided:* A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed 6 months after their date of hire to make an irrevocable election. A summary of the benefit provisions as of June 30, 2019 can be found in the SURS' comprehensive annual financial report (CAFR) Notes to the Financial Statements.

Eligible employees must participate upon initial employment. Employees are ineligible to participate if (a) employed after having attained age 68; (b) employed less than 50% of full time; or (c) employed less than full time and attending classes with an employer. Of those employees ineligible to participate, the majority are students at the University.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE E - STATE UNIVERSITIES RETIREMENT SYSTEM - Continued

1. General Information about the Pension Plan - Continued

*Contributions:* The State is primarily responsible for funding the SURS on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the SURS to reach 90% of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from “trust, federal, and other funds” are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2020 and 2019 respectively, was 13.02% and 12.29% of employees’ payroll. The normal cost is equal to the value of current year’s pension benefit and does not include any allocation for past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0% of their annual covered salary. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15.139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of “affected annuitants” or specific return to work annuitants) and Section 15.155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period), and Section 15-155 (j-5) (relating to contributions payable due to earnings exceeding the salary set for the Governor).

2. Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

*Net Pension Liability:* At June 30, 2019, SURS reported a net pension liability (NPL) of \$ 28,720,071,000. The net pension liability was measured as of June 30, 2019.

*Employer Proportionate Share of Net Pension Liability:* The amount of the proportionate share of the net pension liability to be recognized for the University is \$ -0-. The proportionate share of the State’s net pension liability associated with the University is \$ 12,749,644,000. This amount should not be recognized in the financial statement. The net pension liability and the total pension liability as of June 30, 2019 was determined based on the June 30, 2018 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable earnings made to SURS during fiscal year 2019.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE E - STATE UNIVERSITIES RETIREMENT SYSTEM - Continued

2. Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - Continued

*Pension Expense:* At June 30, 2019 SURS reported a collective net pension expense of \$ 3,094,666,000.

*Employer Proportionate Share of Pension Expense:* The employer proportionate share of collective pension expense should be recognized similarly to on-behalf payments as both revenue and matching expenditure in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable contributions made to SURS during fiscal year 2019. As a result, the University recognized on-behalf revenue and pension expense of \$ 1,373,809,000 for fiscal year ended June 30, 2020.

*Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:* Deferred outflows of resources are the consumption of net position by the System that is applicable to future reporting periods. Conversely, deferred inflows of resources are the acquisition of net position by SURS that is applicable to future reporting periods.

SURS collective deferred outflows and deferred inflows of resources by sources (nearest thousand) is as follows:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Difference between expected and actual experience	\$ 160,133	\$ 80,171
Changes in assumptions	773,321	-
Net difference between projected and actual earnings on pension plan investments	-	55,456
Total	<u>\$ 933,454</u>	<u>\$ 135,627</u>

3. Deferral of Fiscal Year 2020 Pension Expense

IPM paid \$ 165,830 in federal, trust or grant contributions for fiscal year ended June 30, 2020. These contributions were made subsequent to the pension liability measurement date of June 30, 2019 and are recognized as Deferred Outflows of Resources as of June 30, 2020.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE E - STATE UNIVERSITIES RETIREMENT SYSTEM - Continued

4. Assumptions and Other Inputs

*Actuarial assumptions:* The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period June 30, 2014 - 2017. The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25 percent
Salary increases	3.25 to 12.25 percent, including inflation
Investment rate of return	6.75 percent beginning with the actuarial valuation as of June 30, 2019

Mortality rates were based on the RP2014 Combined Mortality Table, with projected generational mortality and a separate mortality assumption for disabled participants.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(s). For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2019, these best estimates are summarized in the following table:

<u>Asset Class</u>	Long-Term Expected Target <u>Allocation</u>	Real Rate of Return
U.S. equity	23.00%	5.25%
Private equity	6.00	8.65
Non-U.S. equity	19.00	6.75
Global equity	8.00	6.25
Fixed income	19.00	1.85
Treasury-inflation protected securities	4.00	1.20
Emerging market debt	3.00	4.00
Real estate REITS	4.00	5.70
Direct real estate	6.00	4.85

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE E - STATE UNIVERSITIES RETIREMENT SYSTEM - Continued

4. Assumptions and Other Inputs - Continued

	Target <u>Allocation</u>	Long-Term Expected Real Rate <u>of Return</u>
Commodities	2.00%	2.00%
Hedge strategies	5.00	2.85
Opportunity fund	<u>1.00</u>	<u>7.00</u>
Total	<u>100.00%</u>	4.80%
Inflation		<u>2.75</u>
Expected Arithmetic Return		<u>7.55%</u>

*Discount Rate:* A single discount rate of 6.59% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.75% and a municipal bond rate of 3.13% (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the SURS' funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

*Sensitivity of the SURS' Net Pension Liability to Changes in the Discount Rate:* Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 6.59%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher:

<u>1% Decrease - 5.59%</u>	<u>Current Single Discount Rate Assumption - 6.59%</u>	<u>1% Increase - 7.59%</u>
\$ <u>34,786,852</u>	\$ <u>28,720,071</u>	\$ <u>23,712,555</u>

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE E - STATE UNIVERSITIES RETIREMENT SYSTEM - Continued

4. Assumptions and Other Inputs - Continued

Additional information regarding the SURS basic financial statements including the Plan Net Position can be found in the SURS comprehensive annual financial report by accessing the website at [www.SURS.org](http://www.SURS.org).

NOTE F - POSTEMPLOYMENT BENEFITS

The State Employees Group Insurance Act of 1971 (Act), as amended, authorizes the State to provide health, dental, vision, and life insurance benefits for certain retirees and their dependents. Substantially, all State and University employees become eligible for these other postemployment benefits (OPEB) if they eventually become annuitants of one of the State sponsored pension plans. The Department of Central Management Services administer these benefits for annuitants with the assistance of the State's sponsored pension plans. The portions of the Act related to OPEB establish a cost-sharing multiple-employer defined-benefit OPEB plan with a special funding situation in which the State funds substantially all nonparticipant contributions. The plan does not issue a stand-alone financial report but is included as a part of the State's financial statements. A copy of the financial statements of the State can be obtained at [www.ioc.state.il.us](http://www.ioc.state.il.us).

The health, dental, and vision benefits provided to and contribution amounts required from annuitants are the result of collective bargaining between the State and various unions that represent the State's and the University's employees in accordance with limitations established in the Act. Therefore, the benefits provided and contribution amounts are subject to periodic change. The Act also requires the State to provide life insurance benefits for annuitants equal to their annual salary as of the last day of employment until age 60, at which time the benefit amount becomes \$ 5,000.

The State makes substantially all of the contributions for OPEB on behalf of the State universities. Since the State contributes substantially all of the employer contributions, the single-employer provisions of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, have been followed for reporting the plan. The State is not required to and does not fund the plan other than the pay-as-you-go amount necessary to provide the current benefits.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE G - NOTE PAYABLE, CONTRIBUTIONS RECEIVABLE, AND BENEFICIAL  
INTEREST IN CHARITABLE REMAINDER TRUST

In 1999, the University of Illinois administration provided an internal loan to the College of Media/IPM for the construction of Campbell Hall. Under the terms of the related financing agreement, the note bears interest at an annual rate of 5%. The majority of the principal is to be paid upon the receipt of deferred gifts which have been designated for IPM through contributions receivable and a charitable remainder trust, all of which are held by the University of Illinois Foundation.

The principal balance of the loan was \$ 2,963,857 as of June 30, 2020 and 2019. The University allocates the principal balance of the loan to IPM's balance sheet and IPM recognizes a corresponding non-current asset which it classifies as contributions receivable and beneficial interest in charitable remainder trust. Management believes the principal balance of the loan approximates the net present value of IPM's share of contributions receivable combined with the fair value of IPM's beneficial interest in the charitable remainder trust.

The annual interest payment and the principal balance is adjusted accordingly on an annual basis as deferred gifts are received and until the loan is paid in full. The University of Illinois Foundation pays the interest annually on the outstanding balance of the loan from endowment funds, and the interest expense is allocated to IPM. The University of Illinois Foundation also allocates revenue to IPM annually for the amount of the interest expense. The allocation of revenue and interest expense to IPM for the years ended June 30, 2020 and 2019 was \$ 148,193. The revenue is included in capital gifts on the Statements of Revenues, Expenses, and Changes in Net Position for the years ended June 30, 2020 and 2019.

Under the terms of the financing agreement, if any sources of interest or principal payments change or do not materialize, the College of Media/IPM is responsible for any shortfalls.

University of Illinois  
Illinois Public Media

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE H - INDIRECT ADMINISTRATIVE SUPPORT

Indirect administrative support from the University consists of allocated institutional support and physical plant costs incurred by the University for which IPM receives benefits. The fair value of this support is recognized in the Statements of Revenues, Expenses and Changes in Net Position. The value of this support for the years ended June 30, 2020 and 2019 was \$ 718,430 and \$ 622,590, respectively.

NOTE I - CONTRIBUTED IN-KIND SUPPORT

Contributed materials, supplies, and facilities are recorded at their estimated fair value at the date of donation. IPM reports gifts of professional services, materials, and other nonmonetary contributions as revenue in the accompanying Statements of Revenues, Expenses, and Changes in Net Position. As expenses of an equivalent amount are also recognized, there is no impact on net position.

If the fair value of contributed materials, supplies, facilities, and property cannot be reasonably determined they are not recorded. Donated personal services of nonprofessional volunteers are not recorded as revenue and expenses as there is no objective basis available to measure the value of such services.

A summary of the contributed support received in the years ended June 30, 2020 and 2019 was as follows:

The University of Illinois Foundation contributed professional services consisting of processing donations, records maintenance, fund-raising expertise, and administrative services. The value of these professional services recognized in the years ended June 30, 2020 and 2019 was \$ 405,000 and \$ 506,000, respectively.

Contributed support from the State of Illinois consists of benefit contributions on behalf of IPM. The value of the on-behalf contributions recognized in the years ended June 30, 2020 and 2019 was \$ 202,755 and \$ 485,265, respectively.

NOTE J - RISKS AND UNCERTAINTIES

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which may impact IPM. At this point, the extent to which the COVID-19 outbreak may impact the net position or changes in net position is uncertain.

OTHER REPORTING REQUIRED BY  
*GOVERNMENT AUDITING STANDARDS*

Independent Auditors' Report on Internal Control Over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements Performed  
in Accordance with *Government Auditing Standards*

Board of Trustees of University of Illinois  
Illinois Public Media  
Urbana, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Illinois Public Media (IPM) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise IPM's basic financial statements, and have issued our report thereon dated February 12, 2021.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered IPM's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of IPM's internal control. Accordingly, we do not express an opinion on the effectiveness of IPM's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether IPM's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of IPM's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering IPM's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
